Course Description:

Anthropology is the holistic study of humans. This introductory course is designed for students who have little or no previous experience with anthropology. It will introduce students to the basic concepts of anthropology, including the four main subfields: cultural anthropology, archaeology, physical anthropology, and linguistics.

Course Objectives: Upon successful completion of this course, each student will:

- Understand the holistic nature of the study of humans through the four subfields of anthropology.
- Have detailed knowledge of the major theoretical and methodological developments of anthropology's four main subfields.
- Understand the evolutionary sequence from the earliest primates through modern humans.
- Understand the rise of social complexity and the trajectory of economic, political, and legal systems through modern times.
- Have a basic understanding of how the anthropological perspective is useful in a wide range of other disciplines.
- Develop an understanding and appreciation of the diversity of human culture in the United States and elsewhere.
- Understand the interconnectedness of our world and how it is being transformed through globalization, development, and migration.

Grading:

Grades will be determined from three exams, five on-line quizzes, five in-class assignments, and one paper. Students are expected to complete assigned readings prior to class. **Make-up tests and assignments are only granted if arranged prior to the date in this syllabus, or when accompanied by appropriate documentation (i.e., doctor's note).** Your grades will come from the following:

Three exams - 50% (150 possible points), five on-line quizzes – 33.34% (100 possible points), 5 in-class assignments – 3.33% (10 possible points), and one 3-4 page tattoo ethnography – 13.33% (40 possible points), for a total of 300 possible points.

Breakdown of Grading:

Three Exams: Each exam will consist of a mix of multiple choice, true/false, and short answer questions worth 50 points. **[Total Points: 150]**

Five on-line Quizzes: Students will take five on-line quizzes at various times during the semester through the e-learning site. Each quiz will be worth 20 points. **[Total Points: 100]**

In-Class Assignments: Quizzes will be taken at the end of class time at various points in the semester and will cover materials from the readings and lecture for that class. Each assignment is worth 2 points. **[Total Points: 10]**

Tattoo Ethnography: Each student will locate an individual who has a tattoo. The student will use the ethnographic method of a one-to-one interview and write a short, 3-4 page, report of that interview. Further details will be provided in class. The paper constitutes 13% of your final grade. **It is due at the beginning of class, Wednesday, November 23rd.** **[Total Points: 40]**

Extra Credit: Extra credit opportunities will be presented on exams and at various times throughout the semester.

Total Points: 300 (it is possible to earn more than 100% if you earn extra credit).

Course Grading Scale (by %):

A 94-100	A- 90-93.9	B+ 87-89.9	B 84-86.9	B- 80-83.9
C+ 77-79.9	C 74-76.9	C- 70-73.9	D+ 67-69.9	D 64-66.9
D- 60-63.9	E 59.9 and below			

To figure your grade, simply divide the total points you have earned by the total possible points and multiply by 100. This will give you the percentage. For instance, if you earn 250 points during the semester, divide that by 300, giving you 83.33% -- or a "B-."

24-hour Grade Dispute Policy

Students who wish to discuss grades on assignments and exams should contact the instructor within 24 hours of posting to arrange a meeting time.
