This course provides information that may shed light on ‘gaps or errors’ in your knowledge base that sometimes may be difficult to digest. The key to this class is to have an open mind.

Course Description: *Fulfills General Education (GenEd) requirement in Diversity (D), as well as Social and Behavioral Sciences (S) (see the end of the document for GenEd objectives and Student Learning Outcomes).* This course examines human sexuality from an anthropological point of view. The hallmark of anthropology is the emphasis on both the biological and cultural dimensions of what it means to be human. That perspective enriches our understanding of human sexuality because it encourages us to examine a wide range of human sexual experiences within and across cultures and over the evolutionary history of our species. We will apply this holistic perspective to the genetic, physiological, psychological, social, cultural, and evolutionary dimensions of human sexuality. Topics will include gender roles and identity, the interplay of behavior and sexual ethics, and biological foundations. This course is appropriate for those seeking an integrative approach to human sexuality.

This course fulfills **UF's Writing Requirement for 6,000 words**

(<https://catalog.ufl.edu/UGRD/student-responsibilities/writing-requirement/>).

- **NOTE:** The following section is created *without* this requirement for those students who have already completed their total 24,000 word requirements.

ASSIGNMENT DESCRIPTIONS

NOTE - All writing should be 12pt font, 1" margins, and double-spaced and follow *APA writing style and citation and reference formatting* (<https://www.apastyle.org/>). Font should be a standard font (e.g. Times New Roman). *All WR* assignments must have the word count (excluding title, name, and references) at the end of the document.*

I. Quizzes: Enhances SLOs 1,2,4

- There will be an introduction quiz with multiple-choice questions covering material in the syllabus and first lecture.

II. Exams: Enhances SLOs 1,2,4

Two non-cumulative exams will cover material from assigned readings, lectures, guest speakers, and class discussions. The exams equally weighted (15% each toward course grade).

- All exams will be administered on e-Learning. **The exams will be made available on the for two days due by the deadline at 11:59 p.m.** The exams will be timed, but you will be able to use notes. You must complete the exam by the end of the open period. No proctoring service is used.
- Exams must be taken at the scheduled time; there will be no makeup exams. Exceptions will be made only in the case of incapacitating illness or other university-approved absence. In such cases, you must provide Dr. Bogart with written documentation from an appropriate authority at least 24 hours before the exam or as soon as possible thereafter.
- **DRC (Disability Resource Center) student accommodations should be provided to the Instructor by the end of the first month of term and a one-on-one meeting is recommended.**

III. Public engagement synthesis (WR students ONLY): The objective of this exercise is to consider current sexual communication, education, and information. Ultimate questions to consider are: *Where is sexual information coming from, how accurate is the information, and how does it influence people's thoughts and behaviors?* The objective is to consider one realm of sexual discourse that is covered in this course, think and consider what and how people view the topic, and finally come up with an *innovative way (e.g. school activity, flyer, commercial, song, etc.) that could be implemented to aid in the discourse (communication) of this topic in a final synthesis.* This synthesis will be more of a popularized format (rather than scientific) and should be written in a way to get accurate and clear information to the general public. *Note: you do not actually need to make the discourse (such as music video) - but you need to describe it, what info will be used in it and how you will distribute it. Enhances SLOs 1-4*

- Brainstorming session in discussions (10pts):* Students will use discussion to brainstorm with their peers and TAs on potential topics and ideas. Attendance is mandatory. Note: a few students may want to do similar ideas, but every student must complete this project on their own.
- Extended Annotated Bibliography (1300 words, 20 pts):* Students must find resources related to their issue that provides background information. Students must find at least six references to **summarize and explain the relationship to your topic and significance of use.** (6 pages max) (WR*)
- Final synthesis (800 words, 30 pts):* This is your final synthesis of your idea and the content of that idea. *At least six references* need to be cited and referenced. Provide the **details of your idea and the major literature to disseminate** to the public and **how you will get this information to the public**, possibly using relevant on-campus resources (i.e. health center or associations/clubs). (3-4 pages) (WR*)

- **GOAL**: explain the problem, provide information that would be useful for students to know, and describe the platform in which this information and/or specific resources may be provided to students (video, flyers, vending machines, etc.)
 - a. Explain the problem
 - b. Provide information that would be useful for students to know, and
 - c. **Describe** the platform in which this information and/or specific resources may be provided to students (video, flyers, vending, etc.) - How will you do it and what will it look like?
 - d. References cited section (not included in page count) - **must use at least 6 references**
 - Resources can be internet resources (as long as they are **reputable resources** – generally with an author or by a specific organization, such as Planned Parenthood)
 - Peer-reviewed resources are best and can be found using the library's databases

IV. Research Project: Students are required to conduct an original research project regarding the ***culture of sex and/or relationships on college campuses***. The project involves identifying a focused research question and hypothesis, doing background literature research and organizing a well-thought-out project. This paper is set in a ***scientific format*** with an introduction, methods, results, and discussion and using ***primary peer-reviewed resources***. The project involves several phases and components, briefly described below. Good writing requires revision and rewriting, which is the reason for multiple components and drafts. ***NOTE: more details on each assignment is provided on Canvas with associated grading rubrics to help you achieve the best score. Enhances SLOs 1-4***

****Non-WR Sections* will complete i and ii individually, and complete iii and final presentations (vi-b) in groups.***

- i. **Plagiarism exercise (10 pts)**: You will complete an online tutorial on recognizing plagiarism and acquire a certificate to turn in. Further instructions will be provided.
- ii. **Citing and referencing exercise (400 words, 15 pts)**: this exercise will help you learn the correct formatting for citations and references cited. You will read an excerpt from a book and write about the topic using citations. You will also have an excerpt from a primary resource that uses citations and you must create a “references cited” list from it. (**WR**)
- iii. **Topic discussion attendance & participation (10 pts)**: During discussion, students and TAs will discuss appropriate topics and TAs will help students find a clear and focused topic/question.
- iv. **Methods Info meeting**: If you plan to conduct surveys as an active component (not required for project) to your research you will be required to attend an informational meeting on how to conduct these methods and come up with surveys under the ethical and standard guidelines of the *American Psychological Association (APA)* and the *American Medical Association (AMA)* using UF’s Institutional Review Board (IRB) training practices.
 - **Your survey questions are due with the proposal and require TA approval before you can collect data** – TAs may require revisions to questions
 - **Any survey topics surrounding sexual violence must be approved by Dr. Bogart**
- v. **Proposal (500 words, 20 pts)**: Write a short proposal statement framing your focused research question, describing the context and background of the question, explain your proposed methods, and demonstrate the significance of the issue. (2 pages) (**WR**)
- vi. **Final Paper (3000 words, 35 pts)**: You are expected to incorporate TA feedback into your paper. All data should be analyzed with a clear discussion and conclusions in a final report with 3000 words (excluding title and references) with references cited. References must be consistently formatted and should also be on a separate works cited page. Your paper must cite

and incorporate AT LEAST **eight sources from primary literature** (peer-reviewed academic journals, monographs, and edited volumes). **Those doing active research only need six primary resources.** Encyclopedias, textbooks, and websites are NOT appropriate sources. (WR)

vi-b. Group presentations (NON-WR sections ONLY): These students will give a 10-15min presentation in discussion session during **week 10**. Research must cite and incorporate AT LEAST **eight sources from primary literature** (peer-reviewed academic journals, monographs, and edited volumes). **Those doing active research only need six primary resources.** Final presentations are required to be submitted online through Canvas's turnitin function to assess for Plagiarism. Since much of what you say is not on slides generally, **you will need to have a detailed notes section (notes portion of Powerpoint slides)** for your TA to evaluate your knowledge and research – Use citations within the notes section as well. 10 points of your presentation grade will be based on your peer- and self-evaluations.

Grading rubric for final research paper:

Format & word count, grammar, organization, and spelling	4
Organization and flow	3
Introduction with Research question stated	3
Literature use and research (context) – including surveys (active component: methods and display results)	8
Citations used and formatted	4
Discussion – sum up findings and provide limitations of research, relate everything together in a synthesis. Provide possible future directions. Correlate your research with other publications	4
Conclusion should reiterate main thesis and provide take-home message	3
References cited page – formatted correctly	6
Total points	35

On the due date (or before), you must upload an electronic version of various components (in .doc or .docx format) to the Canvas course page (<https://elearning.ufl.edu/>), where it will be run through Turnitin. If there is any evidence of plagiarism, you forfeit credit towards the writing requirement, receive a grade of zero for the assignment, and be reported to Student Judicial Affairs.

Research components will lose five percentage points for each day they are late (including weekends and holidays). An assignment is considered late if it is not submitted electronically by **11:59 p.m.** on the due date. Each additional 24 hours beyond that point will automatically reduce the maximum possible grade for the assignment by five percent. **No submissions will be accepted after a week from the deadline without arranged accommodation with Dr. Bogart.**

For **extra credit towards your research project** you can take advantage of the services offered by the UF Writing Studio: <https://writing.ufl.edu/writing-studio/>. Details will be provided

V. Discussion Sessions: You are required to *attend and participate* in the discussion section for which you registered. You will have points deducted if: (1) you don't come to class (zero points), (2) you arrive more than 10 minutes late, or (3) you do not actively participate in discussion activities. Your attendance, participation, and preparedness will be used for grading in the following manner. **Enhances SLOs 1,2,4**

- i. Discussion participation (1pts each week): You will receive a point for participating in the weekly discussion activities each week. You may receive partial credit if you show up late or do not talk during discussion.
- ii. Readings and discussion board posts (2pt each): You will have assigned readings or videos (1-2 per week). For each reading/video you will answer a pre-assigned question on the associated Canvas Discussion Board. You should answer the question thoroughly using a minimum of 5 sentences. You must also respond to another student's answer for each of the articles to receive full credit for this exercise.
 - **Discussion posts and replies are due before Tuesdays 9am**
- i. Anthropology Methods Assignments (5pts each x 4): These assignments provide fundamental anthropology methodologies. These exercises are fun and engaging to relate to the course topics.

VI. Bonus opportunities:

There will be opportunities throughout the term to receive bonus points toward your total exam score. See Canvas for further details.

Textbook chapter quizzes are online through **McGraw-Hill Connect**. Textbook chapter quizzes from **Modules 2-8 are due by Friday, October 14th 11:59pm**. Textbook chapter quizzes from **Modules 9-14 are due by Wednesday, December 7th 11:59pm**. You may work on chapter quizzes at any point before they are due. Your scores will be used as a EC percentage to your final grade. **Total scores of 100-80% = 3% EC, 79-60% = 2%EC, 59-30% = 1%EC, <30% = no extra credit.**

COURSE POLICIES

Accommodation

Students who require accommodations for learning barriers should connect with the Disability Resource Center by visiting <https://disability.ufl.edu/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible (go to <https://disability.ufl.edu/students/accommodations/accommodation-letters/>). Ideally, student accommodation should be communicated to the Instructor **before the end of the first month of the term**, but can be at any time of the term if circumstances arise.

Assignment Extensions: Extensions on assignments will not be scheduled unless demonstrated illness, health, emergency, or major scheduling conflict with proof provided to the Instructor/TA. An email/canvas conversation, following university procedures, is expected so that arrangements can be made with all parties (instructor, TA, and student) in agreement. It is the student's responsibility to contact the instructor and TA and inform them of the emergency or circumstance. *E-mails/Canvas communications are strongly encouraged.*

- **Late assignments/quizzes/exams without an excuse will be reduced 5% per day late.**
- **All unexcused late work will not be accepted a week after the due date without agreement with the instructor.**
- *Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>.*

Critical Thinking Objective

Students are encouraged to employ critical thinking and to rely on data and verifiable sources to interrogate all assigned readings and subject matter in this course as a way of determining whether they

agree with their classmates and/or their instructor. No lesson is intended to espouse, promote, advance, inculcate, or compel a particular feeling, perception, viewpoint or belief.

In-Class Recording

The instructor may record lectures for storage, these recordings will not be provided to students. Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

General Education Objectives:

(D) In Diversity courses, students examine the historical processes and contemporary experiences characterizing social and cultural differences within the United States. Students engage with diversity as a dynamic concept related to human differences and their intersections, such as (but not limited to) race, gender identity, class, ethnicity, religion, age, sexual orientation, and (dis)abilities. Students critically analyze and evaluate how social inequities are constructed and affect the opportunities and constraints across the US population. Students analyze and reflect on the ways in which cultures and beliefs mediate their own and other people's understandings of themselves and an increasingly diverse U.S. society.

(S) Social and behavioral science courses provide instruction in the history, key themes, principles, terminology, and underlying theory or methodologies used in the social and behavioral sciences. Students will learn to identify, describe and explain social institutions, structures or processes. These courses emphasize the effective application of accepted problem-solving techniques. Students will apply formal and informal qualitative or quantitative analysis to examine the processes and means by which individuals make personal and group decisions, as well as the evaluation of opinions, outcomes or human behavior. Students are expected to assess and analyze ethical perspectives in individual and societal decisions.

(WR) 6000 words: The Writing Requirement (WR) ensures students both maintain their fluency in writing and use writing as a tool to facilitate learning. Writing assignments will be graded with written feedback with respect to grammar, punctuation, clarity, coherence, and organization and handed back to students. Course grades have two components. To receive writing requirement credit, a student must receive a grade of C or higher and a satisfactory completion of the writing component of the course.

This course accomplishes the General Education Objectives through:

- Employing the scientific method to research an aspect of human sexuality and relationships in campus life.
- Improving students' critical thinking in regards to sexuality culture and society in the United States and around the world, while also interpreting the social inequalities regarding sex, gender, sexual orientation, sex work, and STIs
- Analyzing social and cultural influences on the students' individual sexual knowledge and behaviors and those affecting societies, politics, and ethical standards.
- Examining how sexuality ideas have changed through time and biological perspectives on the origins of human behavior related to sexuality.
- Talking frequently about controversial and emotionally charged topics in sexuality allows for students to become comfortable talking about sexuality and examining their own beliefs and assumptions about sexuality.
