

# Curriculum Vitae

Megan Hanna Fry m.hanna@ufl.edu

## Education

Graduate Student, Doctorate of Philosophy, Bioarchaeology, Department of Anthropology, University of Florida, *in progress*.

Master of the Arts, Bioarchaeology, Department of Anthropology, University of Florida, December 2019

Bachelor of the Arts, Anthropology with Departmental Honors, University of Cincinnati, December 2016

## Research Interests

Bioarchaeology, Britain, Early Medieval Archaeology, Diet, Mobility, Paleopathology, Funerary Behavior, Osteology, Stable Isotope Analysis (Heavy and Light), 3D Modelling/Photogrammetry, 3D Geometric Morphometrics, Forensic Archaeology, Open-Access, Community and Public Archaeology, Digital Archaeology, Landscape, Identity, Agency.

## Positions Held

NSF Graduate Research Fellow	Fall 2020-Spring 2023
Coordinating Editor, <i>New Florida Journal of Anthropology</i>	Fall 2019-Present
Communications Officer, Florida Anthropology Student Association	Fall 2019-Present
Vice President, Florida Anthropology Student Association	Fall 2019-Present
Intern, Smather's Library, University of Florida	Spring 2020
Intern, Smather's Library, University of Florida	Summer 2020
NAGPRA Liaison Intern, Cincinnati Natural History Museum	2016 - 2017

## Awards, Fellowships and Grants

NSF Graduate Research Fellowship	\$138,000	2020-2023
UFDSP Research Allocation Stipend	\$1,000	Fall 2020
Grinter Fellowship	\$1,000	Fall 2020
Jamie Waggoner Research Award	\$800	Spring 2020
Anthropology Department Travel Award	\$350	Spring 2020
Grinter Fellowship	\$1,000	Fall 2019
Elizabeth Eddy Endowment	\$2,000	Summer 2019
Grinter Fellowship	\$1,000	Spring 2019
Grinter Fellowship	\$1,000	Fall 2018
Taft Undergraduate Summer Fellowship	\$2,000	Spring 2016
Taft Undergraduate Enrichment Award	\$2,000	Fall 2015
STEM Field School Award	\$950	Fall 2015
Taft Undergraduate Summer Fellowship	\$2,000	Spring 2015
STEM Field School Award	\$1,000	Spring 2015

# Curriculum Vitae

Megan Hanna Fry m.hanna@ufl.edu

## Teaching Experience

Skeleton Keys	Teaching Assistant	Summer 2020
Development of World Civilization	Teaching Officer	Summer 2020
Development of World Civilization	Teaching Officer	Spring 2020
Global Health Culture	Teaching Officer	Fall 2019
Race and Racism	Teaching Assistant	Summer 2019
Global Health Culture	Teaching Officer	Summer 2019
Human Sexuality & Culture	Teaching Assistant	Spring 2019
Scremby Archaeology Field School	Supervisor	Summer 2019
Human Sexuality & Culture	Teaching Assistant	Fall 2018
Scremby Archaeology Field School	Supervisor	Summer 2018
Scremby Archaeology Field School	Supervisor	Summer 2017

## Peer Review Contributions

Heather L. Norton, **Megan Hanna**, Elizabeth Werren & Jonathan Friedlaender  
2015. The rs387907171 SNP in TYRP1 is not associated with blond hair color on the Island of Bougainville". *American Journal of Human Biology* Vol.28 Iss.3 DOI: [10.1002/ajhb.22795](https://doi.org/10.1002/ajhb.22795)

## Presentations

- 2020 Social Differentiation and Identity in Lindissi. Society for American Archaeology 85<sup>th</sup> Annual Conference. Austin, TX. Poster Presentation *Accepted*.
- 2016 Forensic Facial Reconstruction: New 3D Digital Modeling Method. URSC University of Cincinnati Research Conference. Poster Presentation.
- 2015 The Derived Allele at rs387907171 is not Associated with Melanesian Blondism on the Island of Bougainville. URSC University of Cincinnati Research Conference. Poster Presentation.

## Non- Peer Review Contributions

- Fry, M. & Mahar, G.  
2020 Smathers Libraries Graduate Internship in Open Access Journal Management. *SOURCE* 3(1) DOI: [10.32473/sourceuf.v3i1.120115](https://doi.org/10.32473/sourceuf.v3i1.120115)
- Fry, M.  
2020. Osteology Report Worlab (WO66). North Lincolnshire Museum Council.
- Fry, M.  
2019 Social Differentiation and Identity in the Anglo-Saxon Kingdom of Lindsey, an Isotopic Investigation of Diet and Migration. Unpublished Master's Thesis, University of Florida.

|--|------|
| Development of Human Sexuality & Culture Distance Learning | 2019 |
| Bioarchaeology Field Methods, Scremby Field School         | 2018 |

## Research Experience

### Archaeology Skills:

- Skeletal excavation
- Leica total station finds recording
- Planning
- Geo-rectification
- Funerary archaeology: Early-Saxon through Post-Medieval
- 3D Modeling/photogrammetry
- Trench excavation and recording
- Finds processing
- Post-excavation drawing for publication
- Post-excavation analysis of skeletal material

### Archaeology Fieldwork Experience:

- Supervisor, funerary coordinator & osteologist, under the supervision of Dr. Hugh Willmott of the University of Sheffield, UK. Scremby Anglo-Saxon Osteology Field School 2019
- Supervisor, funerary coordinator & osteologist, under the supervision of Dr. Hugh Willmott of the University of Sheffield, UK. Scremby Anglo-Saxon Osteology Field School 2018
- Supervisor, funerary coordinator & osteologist, under the supervision of Dr. Hugh Willmott of the University of Sheffield, UK. Scremby Anglo-Saxon Osteology Field School 2017

## Curriculum Vitae

Megan Hanna Fry m.hanna@ufl.edu

Supervisor, funerary coordinator & osteologist, under the supervision of Dr. Hugh Willmott of the University of Sheffield, UK. Little Carlton Anglo-Saxon Field School 2017

Field technician, Cincinnati Museum Center 19<sup>th</sup>-Century historical excavation in Over the Rhine, March 2017.

Field technician, Little Carlton Excavation with the University of Sheffield, UK. July 2016.

Student at the Thornton Abbey Project with University of Sheffield, UK. Late Anglo-Saxon and Medieval. June 2015.

### Osteological Experience:

Post excavation analysis of osteological museum collections for Anglo-Saxon sites: Welton (28.71), Worlaby (WO66), Cleatham (MTDE), Castledyke (BNAG), South Carlton (SCSC03), and Fonaby (CAFON).

Excavation and analysis of human remains at the Scremby, Little Carlton, and Thornton excavations in the United Kingdom.

NAGPRA repatriation at the Geier Center for skeletal remains excavated from the Turpin Site, 33HA19.

Database construction of zooarchaeological, and osteological specimens (human and non-human primate) for the University of Cincinnati's Osteology laboratory, for the creation of a laboratory database.

### Genetic Experience:

Polymerase Chain Reactions (human and plant)

Gel Electrophoresis (human)

DNA extraction (plant)

Restriction digest (human)

### Forensic Experience:

Student at "Forensic Facial Reconstruction Sculpture" course, taught by Karen T. Taylor at Texas State University.

The application of 3D printing and photogrammetry in the use of forensic facial reconstruction.

## Society Membership

## Curriculum Vitae

Megan Hanna Fry m.hanna@ufl.edu

Student member, European Association of Archaeologists 2020-2021

Student member, British Association for Biological Anthropology and Osteoarchaeology 2020-2021

Student member, American Association of Physical Anthropology 2020-2021

Student member, Society for American Archaeology 2019-2020

### Software Proficiency

- ArcGIS
- QGIS
- RStudio
- Excel
- Adobe InDesign
- Meshlab
- ImageJ
- Agisoft Photoscan/Metashape
- Microsoft Teams
- OJS3

### Media/Technical Experience

Development of the *New Florida Journal of Anthropology* [website](#).

Development of the Florida Anthropology Student Association [website](#).

Setup of the *New Florida Journal of Anthropology* online submission [platform](#).

Management of the *New Florida Journal of Anthropology* social media accounts (2018-2020). Facebook: @NewFloridaJournalofAnthropology, Twitter: @AnthroNfj, and Instagram: @Nfjanthro

Management of the Florida Anthropology Student Association social media accounts (2018-present). Facebook @FloridaAnthropologicalStudentAssociation and Twitter.
