

DRAFT 1.10.2020 of readings, videos, learning activities.

Finalized version will be posted and reviewed in class January 13

Power and Environment 2020

Instructor, Susan Paulson

Readings from academic publications name scholarly journals in ***bold italics***, highlighting range of disciplinary forums.

Length of text in pages **Pp**, not counting bibliography notes, is indicated to help participants plan time/effort

Date and topic	Readings and videos	Assigned learning activities	Participant roles
Jan 6 What does power have to do with environment? “ There you go! ” Survival International I sandwich	Introduction to course Why respond to current environmental processes? Consumption diaries: Household Consumption & the Environment EU. Prezi		
Jan 13 Revolution! Agricultural, industrial, green, agroecology	Watch Botany of Desire , by Michael Pollan, video 1hr 50 min, take notes on dynamics of POWER. The Agricultural Revolution Crash Course World History #1 , video 11 min Debate: what fueled the industrial revolution? Perspective #1 The Industrial Revolution history.com web	Consumption diary Due Thurs Jan 16	Nikki Facilitation Nikki food

<p>Changing ecosystems</p> <p>Teleology: Three little pigs Walt Disney 1933</p>	<p>Perspective #2 How the west got rich and modern capitalism was born. Sven Beckert 2015.
